

Andgo Shift Prebooking

Optimize the process of filling future vacant shifts. Streamline communications, while systematically organizing future shift bids for scheduling teams for easy awarding.

Here's How it Works:

Andgo customers can reduce vacant shifts in advance by over 60%.

For Business Leaders	For Schedulers	For Employees
<div> <p>Compliance Friendly</p> <p>Complex union/organization eligibility rules are automatically accounted for. Backfill planned absences in line with collective bargaining agreements.</p> </div> <div> <p>Employee Satisfaction</p> <p>Increased employee satisfaction improves retention and overall workforce productivity.</p> </div>	<div> <p>Reduced Volume and Cost</p> <p>Filling future shifts in advance cuts down on the sheer volume of immediate need shifts to be filled and processed on short notice. Fewer notifications are associated with reduced costs.</p> </div> <div> <p>Centralized Dashboard</p> <p>Centralized and organized shift awarding via intuitive, powerful scheduling dashboards.</p> </div>	<div> <p>Empowered Employees</p> <p>Transparent future bidding puts employees in the driver seat with respect to their schedule and work-life balance.</p> </div> <div> <p>Flexibility</p> <p>Employees have the ability to easily personalize how they are notified about and bid on future shifts (SMS/IVR/email/newsletter).</p> </div>

A seamless extension of Andgo's Smart Call, Shift Prebooking delivers a heightened level of accessibility and flexibility to employees.
